The 2014 BMC Software Scholarship Program Is Now Accepting Applications

Every day, BMC employees provide exceptional solutions and services to our clients around the world. We value the education and ongoing development of our employees and, by extension, their families. That's why we established the BMC Scholarship Program for the children of U.S.-based employees more than a decade ago. The program is just one more way to share the success that we have built together.

Our annual scholarship program sponsors up to six scholarships of $2,500 per year for up to four years. The National Merit Scholarship Corporation (NMSC) conducts the annual competition and evaluates each student on the following criteria:

- Scholastic abilities
- Academic record
- Leadership
- Test scores
- Essays
- Community and school contributions
- High school's recommendation

The 2014 BMC Software Scholarship Program is now accepting applications for high school juniors who will enter college in the fall of 2014. To enter your child, access the **BMC Scholarship Program online entry form** and complete the application by February 28, 2013. (You may also want to print a copy of the "Submission Confirmation" for your records.) Winners will be notified by the National Merit Scholarship Corporation in April 2014.

Scholarship Program Criteria:

- To be considered for the program, an **entry form** must be submitted by February 28, 2013.

- Students must take the PSAT/NMSQT in the fall of 2012.

- Students must enter college in the fall of 2014.

- The National Merit Scholarship Corporation handles all aspects of winner selection and award administration.

- This program is for children of U.S.-based employees only.

We wish your child the best in the 2014 BMC Software Scholarship Program selection process.
