

# The 2015 BMC Software Scholarship Program is now accepting applications

BMC employees provide exceptional solutions and services to our clients around the world every day. BMC values the education and ongoing development of our employees and, by extension, their families. That's why we established the BMC Scholarship Program for the children of U.S.-based employees more than a decade ago. The program is just one more way to share the success that we have built together.

The 2015 BMC Software Scholarship Program is now accepting applications for high school juniors who will enter college in the fall of 2015. Our annual scholarship program sponsors up to six scholarships of \$2,500 per year for up to four years. The National Merit Scholarship Corporation (NMSC) conducts the annual competition and evaluates each student on the following criteria:

- Scholastic abilities
- Academic record
- Leadership
- Test scores
- Essays
- Community and school contributions
- High school's recommendation

To enter your child, access the [BMC Scholarship Program online entry form](#) and complete the application by **February 28, 2014**. (You may also want to print a copy of the "Submission Confirmation" for your records.) Winners will be notified by the National Merit Scholarship Corporation in April 2015.

## Scholarship Program Criteria

- An entry form must be submitted by February 28, 2014 to be considered for the program.
- Students must take the PSAT/NMSQT in the fall of 2013.
- Students must enter college in the fall of 2015.
- The National Merit Scholarship Corporation handles all aspects of winner selection and award administration.
- Only children of U.S.-based employees are eligible.

We wish your child the best in the 2015 BMC Software Scholarship Program selection process.

Please contact [Dan D'Armond](#) if you have any questions about the scholarship program.
